

## Striving toward Healthy EA Groups

One long-term goal of your Board of Trustees is to offer suggestions to keep all EA groups healthy and operating in the way that is most true to the core beliefs of the program. One important part of having a healthy group is having member participate to the fullest extent possible. *There are no leaders in EA.* Everyone is equal and everyone can share equally in the efforts it takes to keep meetings running successfully.

To this end, during the month of May, 2019, we are emphasizing two pieces of EA material by offering them at no charge (aside from shipping and handling).

**Item #6, (EA Group Inventory) and  
Item #7 (Suggested Meeting Format)  
will be free with  
any orders placed during this month.**

If you send in a printed order form, just mark the number of copies you wish to receive (limit 10 of #6 and limit of one of #7). Do not include the cost of these items in your total. If you place your order on the website, they will automatically come up at no charge. Please remember these are copyrighted materials and at no time should you make your own copies of them. The *free* version of the Suggested Meeting Format will *not* be laminated.
